SCALE

WITHOUT WEIGHT

AIRA

Open Center Luminaire

Elegant from all Angles

Subtle details define the architectural environment, and subtle details define Aira as well. A clean read of brightness at the leading edge of the extruded rail provides definition. A design detail that helps define the fixture, and therefore your space, as exceptional.

Viewing life from all angles provides a confidence, an understanding. Viewing Aira from all angles provides the same.

Define your Space

Space definition allows one to interpret the environment. Aira's luminous, open-center system connectors enable this definition without sacrificing the spirit of the luminaire. The flexibility your environment demands, executed with the thoughtfulness Aira demands.

Mounting

The Bend has an infinite amount of custom shapes for standard circular fixtures to add a clean architectural detail to any project. It offers several housing sizes, including 3" or 4" wide apertures, and multiple light distribution options. The Bend fixture not only offers an ultra-thin aircraft cable mounting system, rigid stems and surface mounting, but also a recessed option for varying types of ceiling materials.

Models

1. 88L-P-D-3-8-04-WOL-C5-35K-D080-D01-1C-UNV-FA1 - QTY x 2
2. 88L-P-D-3-A4/90-WOL-C5-35K-D080-D01-1C-UNV-FA1 - QTY x 4
3. 88L-P-D-3-4-04-WOL-C5-35K-D080-D01-1C-UNV-FA1 - QTY x 2
4. 88L-P-D-3-A4/90-WOL-C5-D100-D01-1C-UNV-FA1 - QTY x 4

FEATURES

- Variable Intensity technology provides a range of specifiable outputs and resulting fixture wattages
- 950 lumens max. See performance data table for additional information.

NOTE 67L

Fresh and contemporary styling that brings direct illumination, performance and versatility, all within a slim profile. Providing three lens design selections with Pendant, Surface and Wall mounting options to complement a variety of environments and applications.

The BELL lens adds a stylish flair with crisp corners and soft arches.

The SQUARE lens evokes a classic look in a modern form.

Variable Intensity® Technology

- SpectraSync™ Color Tuning Technology available
- Up to 127 LPW
- Output range from 550-2000 lumens/ft
- Pendant, Surface & Wall Mount
- Removable Lens

Lens Removal

Row Mounting

Row connection is simple and straightforward, with a tight and secure fit.

SpectraSync™

Color Tuning Technology

SpectraSync™ is an easy and intuitive white tuning solution offered in two modes to accommodate a variety of applications.

Dim to Warm

Dim to Warm mimics the familiar warming effect that occurs with traditional incandescent sources as they are dimmed. (Available with 2200K-3000K)

Tunable White

Tunable White offers users the ability to tailor CCT to their personal preference, enhancing task visibility, material and colors, or the aesthetics of the space. (Available with 2700K-5000K or 2700K-6500K)

HOSPITALITY

Provides flexibility to create multiple environments, whether multi-use spaces, common areas or guest suites.

EDUCATION

Empowers educators to tailor active environments and create a productive academic experience.

OFFICE

Customizes office space for personnel and business needs.

HEALTH & WELLNESS

Enhances the well-being of patients while balancing the requirements of the health care provider.

WALL SLOT | 2000 LED

PERFORMANCE

Wall/Slot® 2000 LED delivers 7:1 vertical uniformity; a 50% improvement over conventional sources

Wall/Slot® 2000 LED, Open
Maximizes Efficiency

Typically used where increased perceived brightness at the ceiling plane is advantageous. Examples: Floating ceiling, wayfinding

LUMEN OUTPUT

Nomenclature	Nominal Lumens/Ft	Nominal Watts/Ft	Efficacy
D025	250	3.5	71
D065	650	9.7	67
D080	800	12.6	64

Output and watts vary based on product configuration; for exact lumens and watts contact Litecontrol
